

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Original) A drug delivery liposome composition for delivering a substance to be administered to a target site, which comprises an oligosaccharide coated liposome and a substance to be administered.
2. (Original) The drug delivery liposome composition of claim 1 wherein the oligosaccharide is oligomannose.
3. (Currently Amended) The drug delivery liposome composition of claim 1 or 2 wherein the oligosaccharide is mannopentaose or mannotriose.
4. (Currently Amended) The drug delivery liposome composition of claim 1 ~~any of claims 1 to 3~~ wherein the substance to be administered is a drug, marker or contrast medium.
5. (Original) The drug delivery liposome composition of claim 4 wherein the drug is an anti-cancer drug.

6. (Currently Amended) The drug delivery liposome composition of claim 1 ~~any of claims 1 to 5~~ which is administered intraperitoneally, taken up by macrophage in the peritoneal cavity and delivered to a target site.

7. (Currently Amended) The drug delivery liposome composition of claim 1 ~~any of claims 1 to 6~~ wherein the target site is the greater omentum and the extranodal small lymphatic tissue in the mesentery, which are the early intraperitoneal metastasis lesions for cancer.

8. (Currently Amended) The drug delivery liposome composition of claim 1 ~~any of claims 1 to 7~~ which is administered in combination with oligosaccharide coated liposome encapsulating a magnetic compound.
